

MEDDAC COMMAND VISITS YUMA PROVING GROUND HEALTH CLINIC

Weed Army Community Hospital Command Group recently visited the Yuma Proving Ground Health Clinic to conduct a Site Assistance Visit in conjunction with providing Commander's Guidance, mentorship and direction for the future. The command team conducted one on one visits with staff members, addressing concerns at all levels from clinical to administrative. WACH CSM Rodriguez said of the visit, "It is clear that the YPGHC team is very engaged in supporting the health needs of Soldiers, family members and retirees in the local community."
